- B. The Chief of Police or any duly authorized official shall have the power to enter, free of charge and at any time, any place of business for which a license is required by this Article, and to demand the exhibition of such license for the current term from any person engaged or employed in the transaction of any such business. It is unlawful for such person to fail to exhibit such license when requested to do so.
- C. The Chief of Police, Town Clerk, Town Manager, or an authorized designee, are empowered to investigate applicants for business licenses to determine the applicants' business and moral character as it relates to their fitness and suitability for issuance or continuance of business licenses. The Chief of Police is authorized to collect fingerprints, photographs, or other evidence (as permitted by law) to aid in the investigation. The Police Chief, Town Clerk, Town Manager, or an authorized designee, are further empowered to re-investigate applicants for business licenses who are being considered for license revocation or renewal. The results of

investigations shall be placed in writing and shall recommend either for or against issuance, revocation, or renewal of licenses based on the following factors:

1. Failure of building structures or contents to pass inspections conducted by authorized fire, building, zoning, health and safety personnel for the purpose of determining if such building structures or contents are suitable, safe, and comply with applicable laws, regulations, codes and ordinances.
2. Failure to obtain or maintain other required professional, health, or related certifications or licensing required for applicants to conduct the trades, callings, professions, occupations or businesses in question. However, nothing in this Article is intended to regulate professional conduct of applicant(s) whose profession is regulated by the State of Arizona or the United States.
3. A conviction for, or a continuing or ongoing documentable history of, violations of any federal, state, county, Town or special district laws or regulations (including licensing and permit violations from any jurisdiction) which would specifically relate to or impact on the applicants' business or moral character with regard to their fitness and suitability to conduct the trades, callings, professions, occupations or businesses in question.
4. A continuing or ongoing documentable history of business tactics or operations which threaten or endanger public health, safety or welfare, or relate to or impact the applicants' business or moral character with regard to their fitness and suitability to conduct the trades, callings, professions, occupations or businesses in question.
5. A continuing or ongoing documentable history of infirmity of mind, morals or character which would relate to or impact on the applicants' fitness or suitability to conduct the trades, callings, professions, occupations or businesses in question.
6. A false or misleading statement on a business license application which can be shown to have been knowingly or intentionally made and which specifically relates to or impacts the applicants' business or moral character with regard to their fitness and suitability to conduct the trades, callings, professions, occupations or businesses in question.
7. With regard to Subparagraphs 4, 5, and 6 above, and in addition to the requirement that the bad acts of the applicants relate to the applicants' fitness and suitability to conduct the trades, callings, professions, occupations or businesses in question, any prior bad conduct shall be evaluated in light of the following criteria:
 - a. Whether or not the trades, callings, professions, occupations or businesses in question are of such sensitive nature that there exists a potential for harm to the public health, safety or welfare resulting from negligent or malicious exercise of those trades, callings, professions, occupations or businesses.

- b. The nature of the bad acts of the applicant(s).
 - c. The applicants' demonstrated rehabilitation subsequent to the bad acts.

- D. Emergency. Should a Federal, State, County, Town or special district official declare an emergency situation has occurred or may occur which arises from or will affect the licensed business, said business license shall be immediately suspended. An emergency situation is one in which there is an immediate and potential hazard to the health, safety and welfare of the occupancy of the business or the general public. Said suspension shall continue as long as the emergency situation is present in or upon or affects said business.
- E. The actions or decisions of any Town officials as regards the fitness or suitability of an applicant for a business license involves the use of discretion on the part of said officials, while utilizing the guidelines listed in this Article; is an exercise of a judicial function; and, as such, shall not expose the Town of Prescott Valley, its officials, agents, employees, successors or assigns to any liability for the acts and omissions of the above, pursuant to ARS §12-820.01. Further, due to a recognized shortage of funding for municipal services, any business license investigation shall not be considered a mandatory duty of the Town officials, and may be undertaken on a complaint only basis, in which action is taken only when potential violations are brought to the attention of Town officials by the citizenry or other interested parties.

8-02-090 Refusal or Revocation of License.

- A. The Town Clerk shall refuse to issue a license, revoke the existing license, or decline to renew an existing license of any applicants or licensees who are in violation of the provisions of this Article.
- B. Any violation of the standards set forth in Section 8-02-080 which occurs after issuance of a business license may also be grounds for revocation or non-renewal of a business license.
- C. Any violation of Chapter 8a "Transaction Privilege Tax" of the Town Code, including without limitation the failure or refusal to make any return required by Chapter 8a or

the failure or refusal to remit the full amount of any tax, penalty and interest when due, shall be grounds for revocation or non-renewal of a business license.

- D. A notice of the refusal to issue or renew a license or the revocation of an existing license shall be in writing and delivered or mailed to the applicant(s) and licensee(s), specifying the nature of the violation(s). Notice shall be delivered or mailed to the address of the applicant(s), licensee(s), or statutory agent(s), as shown on the current business license application. The giving of notice shall be completed upon the date of mailing or delivery. Notice of revocation shall be given at least thirty (30) days before the revocation is to take effect. Such written notice may be prepared and signed by any Town official designated by the Town Manager to perform such duties.
- E. A revocation notice arising from a violation of the provisions of this Article shall be void in the event the licensee(s) corrects the violation and complies with the requirements of this Article prior to the expiration of the thirty (30) day notice period. If the licensee(s) fails to correct the noticed violation within the thirty (30) day notice period, the license shall be permanently revoked. The failure of the licensee(s) to correct a noticed violation, resulting in the permanent revocation of a business license, may constitute grounds for refusal to issue a new business license to the offending licensee.
- F. Applicants and licensees have the right to appeal a denial, revocation or non-renewal of a business license before the Building Department Board of Appeals in the manner specified in Town Code Chapter 7 (as amended).
- G. If fee payments are made with an insufficient funds check, any business license that has been issued shall be immediately revoked with or without notice to the persons holding the business license.
- H. Building structures or contents shall continue to conform to all applicable federal, state, county, Town and special district regulations, requirements and codes during the term of applicable business licenses. Where an ongoing maintenance program is necessary to comply with applicable federal, state, county, Town and special district regulations, requirements and codes including, but not limited to, such things as fire extinguishers, hoods and vents over cooking devices a routine inspection by authorized fire, building, zoning, health and safety personnel may occur at any time, to ensure said equipment or structure is kept in proper operating condition. Any remodeling or modification of building structures or contents not approved by authorized fire, building, zoning, health and safety personnel, and which may cause safety or code violations to exist, is grounds for suspension or revocation of any license issued pursuant to this Article. If the building structures or contents of a business licensed under this Article are found to be faulty, unsafe or inoperable, the Town may suspend the applicable license, and any violation occurring after issuance of the business license must be corrected. Thereafter, the premises must be re-inspected and approved (or evidence of re-inspection and approval must be provided) before any reopening of the business shall occur. To continue business to the public or as a private operation while such known violations exist may result in immediate revocation of any license issued pursuant to this Article without prior notice. A revocation notice arising from a violation of this Section shall be void, and the revoked license shall be promptly reinstated, as soon as the licensee has received notice in

writing from the appropriate Town official indicating that the violation(s) has/have been cured, removed or rectified.

- I. It is unlawful for any person to continue to engage in or conduct any business within the Town upon the revocation or non-renewal of that person's business license until the license required by this Chapter has been secured. In the event a person violates this subsection, the Town Clerk may seek, in addition to all remedies available in this Code, an injunction in the Yavapai Superior Court enjoining the violator from engaging or continuing in business within the Town until such person has complied with this Article.

If the person, firm, company or corporation changes ownership, changes to a new location, or changes the type of business from its present business license, the business license shall expire immediately and a new business license shall be applied for forthwith, in accordance with this Article. All businesses located outside the Town limits and which are not subject to inspection by Town staff during the application process shall be exempt from this provision, except that all out-of-town businesses shall provide updated information to the Town Clerk regarding any and all changes in ownership, location and business types immediately upon the effective date of such changes.

Each day that a violation continues shall be a separate offense punishable as hereinafter described.
- B. License renewal fees provided for in this Article shall be due and payable on the date of expiration of the current license, and shall become delinquent on the fifteenth (15th) day following such expiration. A penalty of twenty-five percent (25%) of the applicable license fee shall be assessed on all such delinquencies. The penalty may be abated by the Town Clerk for due cause upon written request for abatement detailing the reason for said delinquency. The written request must be filed with the Town Clerk within twenty (20) days of assessment of such penalty.
- C. In the event the license renewal fee is not received by the Town clerk on or before the forty-fifth (45th) day following the expiration of the license, the delinquent license shall be permanently terminated. If the business owner wishes to continue to transact

Following the close of such hearing, the Town Manager shall prepare and file with the Town Council his report of the hearing, his findings and an opinion containing his recommendations and the reasons therefor. After the expiration of ten (10) days following receipt of the Town Manager's report and opinion, and if no objection has been filed thereto, the Council shall determine whether to adopt the opinion or to hold a further hearing, and shall pass its "Resolution of Intention" to do so, describing and stating any rates or charges to be increased, the reasons of the Council therefor, fixing and setting forth a day, hour and place certain when and where any persons having any interest therein may appear before the Council and be heard. Such resolution shall direct the Town Clerk to publish the same resolution at least once within ten (10) days prior to the date specified for hearing thereon.
- E. If, upon receipt of the report and opinion, and the expiration of such ten (10) days without objection, or following the holding of a further hearing, the Council determines to do so, if the Council finds that the increasing of any rates or charges of the licensee to subscribers will be fair and just, then the Council, by resolution, shall authorize the increase of rates or charges of the licensee to subscribers and users as determined giving its reasons therefor. Such resolution shall thereupon become and shall be a part of any license granted hereunder and affected thereby.
- F. Neither the Council nor the licensee shall, as to rates, charges, service, service facilities, rules, regulations or in any other respect, make or grant any preference or advantage to any person, nor subject any person to prejudice or disadvantage.

- E. Any right or power in, or duty imposed upon any officer, employee, department or board of the Town shall be subject to transfer by the Town to any other officer, employee, department or board of the Town.
- F. The licensee shall have no recourse whatsoever against the Town for any loss, cost, expense or damage arising out of any provision or requirement of this Article or of any license issued hereunder or because of its lawful enforcement.
- G. The licensee shall be subject to all requirements of this Code, Town ordinances, rules, regulations and specifications heretofore or hereafter enacted or established.
- H. The licensee shall be subject to all laws, rules and regulations of the State, County, the Town and the United States government, and any of its agencies, including, but

not limited to, the Federal Communications Commission, whether such rule or regulation is in force or hereafter enacted, relating to the business of cable television systems.

- I. Any of the provisions or terms of this Article shall be automatically amended and made consistent with any new or amended rule or regulation of the Federal Communications Commission if such new or amended rule or regulation of the Federal Communications Commission renders such provisions or terms prohibited or inconsistent. The licensee shall then comply with such amendments of this Article within a reasonable time as determined by the Council. Any provision of this Article presently prohibited by the rules and regulations of the Federal Communications Commission which is subsequently allowed by that agency shall automatically have full force and effect, and the licensee shall comply within a reasonable time as determined by the Council.
- J. Any such license granted shall not relieve the licensee of any obligation involved in obtaining the necessary pole or conduit space from any department of the Town, utility company, or from others maintaining poles, conduits or utilities in streets.

The consent of the Council may not be unreasonably refused, provided however, that the proposed assignee must show financial responsibility as determined by the Council and must agree to comply with all

provisions of this Article, and meet all of the qualifications that must be met by an original licensee; and provided, further, that no such consent shall be required for a transfer in trust, mortgage or other hypothecation, in whole or in part, to secure an indebtedness. 3. Upon the foreclosure or other judicial sale of all or a substantial part of the CATV system, or upon the termination of any lease covering all or a substantial part of the CATV system, the licensee shall notify the Council of such fact, and such notification shall be treated as a notification that a change in control of the licensee company has taken place, and the provisions of paragraph 4 of this Subsection governing the consent of the Council to such change in control of the licensee company shall apply.
4. Upon written notification by the licensee to the Town of a proposed assignment of the license or transfer of control or ownership of the licensee company, the Council shall direct the Town Manager to issue and the Town Manager shall issue his written notice fixing and setting forth the day, hour and place certain when and where any persons having any interest therein may appear and be heard, and otherwise pursuant to the procedure set forth in Section 8-03-050(C), give notice, conduct a hearing and report to the Council for a determination of the status of the license and the necessary or recommended action to be taken, if any.
