## Volunteer Opportunities

### Adopt-A-Park Program

The Adopt-A-Park Program allows citizens, and particularly park users, to show pride in their community. It is designed for groups to visit the park of their choice on a regular basis to pick up litter and to perform other tasks to help keep the park clean. Local service organizations, youth organizations, church groups, and neighborhoods, can have fun while providing a community service. By adopting a park, citizens are making their parks more beautiful, and are extending tax dollars by allowing park staff to focus on major renovation, repair and maintenance work.

### Memorial Tree Donation Program

The Memorial Tree Donation Program lets you remember a loved one in a very special way by planting a tree in his or her honor in one of the Town's parks. Your loved one will not only be remembered, but you'll be helping your community at the same time. As an added remembrance of your loved one, a plaque can be installed near the tree. The Memorial Tree and Plaque will be purchased from funds donated in your loved one's name. Once your completed application and donation is received by the Town, the funds will be deposited into the Memorial Tree Program account in your loved one's name. A letter confirming the donation will be sent to the donor.

### General Volunteerism

Do you like working with children, attending arts and crafts shows, working outdoors? Whatever your background expertise, we have a job for you! The Parks and Recreation Department can always use assistance from the public to run events, programs, and in the parks.
