INDEPENDENT AUDITOR'S REPORT

Board of Directors
Raven Ridge Community Facilities District
Town of Prescott Valley, Arizona

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and the major fund of the Raven Ridge Community Facilities District (District), a component unit of the Town of Prescott Valley, Arizona, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the major fund of the District, as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Management has omitted the Management's Discussion and Analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Balance Sheet

June 30, 2015

ASSETS

| | | |
|--------------------------------------|----|----------------|
| Restricted cash and cash equivalents | \$ | 113,848 |
| Accounts receivable: | | |
| Special assessments | | 92,208 |
| Total assets | \$ | <u>206,056</u> |

LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND FUND BALANCE

Liabilities:

| | | |
|-------------------|----|------------|
| Accounts payable | \$ | 196 |
| Total liabilities | | <u>196</u> |

Deferred inflows of resources:

| | | |
|--|----|---------------|
| Unavailable revenues - special assessments | \$ | 92,208 |
| Total deferred inflows of resources | | <u>92,208</u> |

Fund balance:

| | | |
|--------------------|--|----------------|
| Restricted | | 113,652 |
| Total fund balance | | <u>113,652</u> |

Amounts reported for governmental activities in the statement of net position are different because:

Long-term liabilities, including loans payable, are not due and payable in the current period and therefore are not reported in the funds. (180,149)

Certain revenues are not available to pay for current period expenditures and therefore are reported as unavailable in the governmental funds.

| | | |
|---|----|---------------|
| Special assessments | | 92,208 |
| Net position of governmental activities - statement of net position | \$ | <u>25,711</u> |

The notes to the financial statements are an integral part of this statement.

Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended June 30, 2015

| | | |
|--|-----------|--------------|
| Net change in fund balances - Governmental Fund Type | \$ | 57,709 |
| Amounts reported for governmental activities in the statement of activities are different because: | | |
| <p>Issuance and repayment of long-term debt is a revenue and expenditure in the governmental funds, but the issuance and repayment reduces long-term liabilities in the statement of net position. In the current period, these amounts are:</p> | | |
| Principal payments on debt | | 20,248 |
| <p>Certain revenues are not available to pay for current period expenditures and therefore are reported as unavailable in the governmental funds.</p> | | |
| Special assessments | | (76,344) |
| Changes in net position of governmental activities | <u>\$</u> | <u>1,613</u> |

The notes to the financial statements are an integral part of this statement.

NOTES TO FINANCIAL STATEMENTS

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Financial Reporting Entity

The Raven Ridge Community Facilities District (District) was created by the Town of Prescott Valley (Town) as a special purpose community facilities district pursuant to state law on January 21, 2003. The purpose of the District is to assist in financing public improvements needed to allow the residents of the District to connect to the Town's wastewater collection and treatment system.

The Town council serves as the District's board of directors. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 39 – *Determining Whether Certain Organizations are Component Units*, the District financial statements are reported in the Town's financial statements for the year ended June 30, 2015, using the blended method.

The financial statements of the District conform to generally accepted accounting principles as applicable to governmental units. The District applies all relevant GASB pronouncements.

B. Basis of Presentation

Fund Accounting

The accounts of the District are organized and operated on the basis of funds and account groups, each of which is considered to be a separate accounting entity. The District operates only one fund, a general fund, the operations of which are accounted for by providing a separate set of self-balancing accounts that is comprised of the fund's assets, liabilities, fund equity, revenues and expenditures or expenses, as appropriate. The minimum number of funds is maintained consistent with legal and managerial requirements.

General Fund

The General Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Government-Wide and Fund Financial Statements

The government-wide financial statements (e.g. the *statement of net position* and the *statement of activities*) report information on the primary government and its component units. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. The District does not have any business-type activities.

The *statement of activities* demonstrates the degree to which the direct expenses for a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

C. Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property assessments, where applicable, are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The District considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

D. Budgets and Budgetary Accounting

The District is not required to adopt an annual appropriated budget but does, however, adopt a budget for management purposes. Therefore, no budgetary comparison is required.

E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position/Fund Balance

Cash and Cash Equivalents

Arizona statutes require that public deposits of more than \$100,000 meet several specific requirements. Deposits of less than \$100,000 are subject only to local ordinance or resolution. Generally, the state statutes allow investments in certain certificates of deposit, interest bearing savings accounts in qualified banks and savings and loan institutions, repurchase agreements with maximum maturity of thirty (30) days, and pooled investment funds established by the State Treasurer.

The District records loan activity and maintains a bank checking account.

Restricted Assets

District loan assets as well as certain resources set aside for loan repayment, are classified as restricted assets on the balance sheet because their use is limited by applicable loan covenants.

Property and Equipment and Long-Term Liabilities

The District has no capital assets. All capital assets acquired by the District are donated to the Town. The Town is responsible for maintaining the improvements.

Long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position. Bond premiums and discounts, as well as the difference between the reacquisition price, and the net carrying amount of the old debt, are deferred and amortized over the life of the bonds using the straight-line method. Bond issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Raven Ridge Community Facilities District

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditures) until then.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period and will not be recognized as an inflow of resources (revenue) until that time.

Accumulated Compensated Absences

No liability for accumulated compensated absences existed at June 30, 2015.

Fund Equity

In the fund financial statements, governmental funds report a restriction of fund balance for amounts that are legally restricted by outside parties for a specific purpose.

II. DETAILED NOTES

A. Cash and Cash Equivalents

Deposits

At June 30, 2015, the carrying amount of the District's deposits was \$113,848 and the bank balance was \$113,848.

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the entity's deposits may not be returned to it. As of June 30, 2015, the District's deposits were covered by federal depository insurance or by the collateral held by the District's agent or pledging financial institution's trust department or agent in the name of the District, and thus had no deposits that were exposed to custodial credit risk.

B. Receivables

Governmental funds report unavailable revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. At the end of the fiscal year, the District reported unavailable revenue for special assessments not yet due. Special assessment receivables are considered by management to be collectible in full and, accordingly, an allowance for doubtful accounts is not considered necessary.

C. Debt

The District has the following long-term obligations:

A loan agreement with the Water Infrastructure Financing Authority was entered into on January 21, 2003 for a maximum principal amount of \$925,446, at an interest rate of 3.188%, the proceeds of which are designated for

Raven Ridge Community Facilities District

the construction of the identified project (payable with revenues generated from an assessment levied against the properties located within the boundaries of the District).

Long-term loans are secured by a lien on property within the District for which the full assessment has not initially been paid in cash. In the event of default by any of those property owners, the District may force an auction sale of the property to satisfy debt service requirements.

Changes in Long-Term Liabilities:

| <u>Balance</u> <u>06/30/2014</u> | <u>Increases</u> | <u>Decreases</u> | <u>Balance</u> <u>06/30/2015</u> | <u>Due Within</u> <u>One Year</u> |
|-------------------------------------|------------------|------------------|-------------------------------------|--------------------------------------|
| \$ 200,397 | \$ - | \$ 20,248 | \$ 180,149 | \$ 20,248 |

Debt service requirements to maturity are as follows:

| Fiscal Year Ending | Principal | Interest |
|-----------------------|------------|-----------|
| 2016 | \$ 20,248 | \$ 5,202 |
| 2017 | 20,248 | 4,618 |
| 2018 | 20,248 | 4,033 |
| 2019 | 20,248 | 3,448 |
| 2020 | 20,248 | 2,863 |
| 2021-24 | 78,909 | 5,604 |
| | \$ 180,149 | \$ 25,768 |

III. OTHER INFORMATION

A. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters for which it carries commercial insurance. The District also carries commercial insurance for all other risks of loss.

B. Subsequent Events

The District made an additional payment of \$69,073 towards Water Infrastructure Financing Authority loan on July 13, 2015. This additional payment was the result of auction sale of twenty assessments located within the District.
